

Covid-19 Secure Skittles & Darts weekends

At Serious About Events we are committed to providing a safe environment for our teams. Preparations for your event next year are underway for compliance with current guidelines in order your weekend proceeds in a fun and secure environment.

All our venues and our coach companies are fully operational and working to government guidelines. Prior to your 2021 weekend you will receive additional information together with your itinerary. We appreciate guidelines are constantly changing so we have based our weekends on current conditions and will adapt and amend accordingly.

The well-being of your team is of paramount importance. We are working with our venues, coach companies & entertainers to provide secure Skittles & Darts weekends for 2021 so that your experience continues to be as enjoyable as our 25-year history.

We understand skittle leagues are making decisions regarding forthcoming winter programmes. They face a different set of challenges to us, such as multiple home alleys with limited space while trying to organise a full league skittle fixture.

We appreciate that you may have some questions regarding your 2021 weekend. We have provided answers to the most asked questions based on the current guidelines and will update accordingly.

How will our skittles matches take place?

- All the skittles equipment will be regularly cleaned and sanitised prior to each match.
- A fresh set of sanitised skittles balls will be used for each match.
- Hand sanitisers will be provided on alley. As each player steps onto the alley they sanitise their hands before their throw and again before leaving the alley.
- Sticker-ups will be sanitising regularly throughout the match.
- Seating around the alleys will be in line with any social distancing guidelines in place at the time.

Will there be entertainment?

Most certainly. We are currently booking acts for all our events and look forward to announcing these in your forthcoming itinerary.

What if the events cannot go ahead, is my money safe?

If there is another national lockdown resulting in our weekends not being able to take place all monies will be refunded or there would be an option to transfer to a future event. This is what happened to all the 2020 events that were cancelled.

Your money is protected by Total Payment Protection Policy (TOPP) and full details can be found within our Terms & Conditions www.seriousaboutevents.co.uk/skittles/wp-content/uploads/2015/03/Website-terms.pdf and the certificate is displayed on our website www.seriousaboutevents.co.uk/skittles/wp-content/uploads/2019/08/Topp-Certificate-A47613.pdf

Our Venues

Every venue is open and operating to current guidelines. We will provide more information relevant to our weekends in your team's itinerary, but you can view the venues current procedures on their website.

Durley Dean Hotel, Bournemouth
