**Note:** Whilst the draw has been made with every effort to cater for location of teams, we have tried to prevent the clash of teams that have met in local leagues or last year's championships and have given consideration for travel according to team preferences from the entry form information.

All five winning teams will join the 11 other qualifiers in the Serious About British Skittles Championship Grand Finals to be held on **Saturday 21st September 2019** - GOOD LUCK!!

To give all teams the chance to compete in a final play-off round to qualify to the Grand Finals, an amendment to the rules has been made: In the event that the distance between the two teams is greater than the furthest distance in any of the event group rounds, then the winner will be decided over one match played at a neutral skittle alley located at a halfway point decided by the organisers. Neutral alley rules and equipment will be used. If both teams wish to play two matches home and away however, then this will be acceptable.
